

WHAT IS CLAIMED IS:

1. A gaming machine enabling the insertion of bills, the gaming machine comprising:
a cabinet; and
5 a door, provided on a front face of the cabinet;
wherein the door comprises:
a bill insertion slot;
a bill guide plate, extending outwards from a lower end of the bill insertion slot
and having an opening;
10 a guide part, positioned in a direction substantially right under the opening of
the bill guide plate and guiding foreign matter from an exterior; and
a container, disposed at the rear face of the door for collecting the foreign
matter.
2. The gaming machine according to claim 1,
15 wherein an upper opening of the container is positioned in a substantially
downward direction below the guide part and has a larger cross-sectional area
than a cross section of the lower end part of the guide part.
3. The gaming machine according to claim 1,
wherein the container is detachably mounted to the rear face of the door.
- 20 4. The gaming machine according to claim 1,
wherein the container is rectangular in horizontal cross-section, and
one of long sides of the rectangular faces to the rear face of the door when
container is mounted to the door.
5. The gaming machine according to claim 1,
25 wherein the container is formed of a substantially transparent or
semi-transparent material.
6. The gaming machine according to claim 1,

wherein a storage capacity of the container is one liter or less.
